

PRODUCER PROFILE

Estate owned by: Vassilis Papagiannakos
 Winemaker: Vassilis Papagiannakos
 Total acreage under vine: 150
 Estate founded: 1919
 Winery production: 250,000 Bottles
 Region: Attica
 Country: Greece

Domaine Papagiannakos Kalogeri Red 2013

WINE DESCRIPTION

Founded in 1919, Domaine Papagiannakos is located in the Attica region of Central Greece, just 18 miles from Athens. Today, the winery is run by the 3rd generation, Vassilis Papagiannakos, who has issued a new era of modern winemaking while still maintaining the family's dedication to cultivating and preserving the region's most famous indigenous grape, Savatiano. The winery produces a small amount of red wine, showcasing both the indigenous Agioritiko as well as international varietals.

ABOUT THE VINEYARD

The vineyards used for the Papagiannakos Kalogeri Red are located in southeastern Attica at an altitude of 330 feet. The vineyard is relatively young, with an average of 20-years-old, and has a northeast-facing exposure. The vineyard is farmed without irrigation, resulting in low-yielding vines that produce grapes with rich, concentrated fruit flavors.

WINE PRODUCTION

The grapes are fermented in stainless steel tanks in order to preserve the fresh, varietal fruit flavors. Aged in French oak barrels for 14 months prior to bottling. Vinified in a dry style, this wine bears the regional Attiki PGI appellation designation.

TASTING NOTES

Dark ruby-red in color, this Cabernet Sauvignon has a rich and complex bouquet with aromas of ripe red fruit, baking spices and hints of vanilla oak. The palate is round and well-balanced, with rich tannins and a long, lasting finish.

FOOD PAIRING

The full-bodied structure of this red wine makes it an ideal pairing for a variety of red meat, wild game, and dishes with heavy sauces.

VINEYARD & PRODUCTION INFO

Soil composition:	Limestone
Elevation:	330 feet
Exposure:	Northeastern
Average Vine Age:	20 years

WINEMAKING & AGING

Varietal composition:	100% Cabernet Sauvignon
Fermentation container:	Stainless steel tanks
Type of aging container:	Barrels
Type of oak:	French
Length of aging before bottling:	14 months

ANALYTICAL DATA

Alcohol:	12.5 %
pH level:	3.6
Residual sugar:	0.8 g/L
Acidity:	4.6 g/L
